3.1 Every Owner a Member. Each Owner shall be a member of the Association. Membership shall be appurtenant to and may not be separated from ownership of a Lot.

Section 4. COVENANT FOR MAINTENANCE ASSESSMENTS

4.1 Creation of the Lien and Personal Obligation of Assessments. Each Owner by acceptance of a deed for a Lot, whether or not it shall be so expressed in such deed, is deemed to covenant and agree to pay to the Association: (1) annual assessments or charges; (2) special assessments for capital improvements; and legal fees; (3) Service fees as outlined for the purpose of ensuring compliance with this Declaration. All such assessments are collectively referred to as "Assessments". Such assessments shall be established and collected as provided in these Covenants and the Bylaws. The assessments, together with interest, costs and reasonable attorney fees, shall be a charge on the land and shall be a continuing lien upon the Lot against which each

such assessment is made. Each such assessment, together with interest, costs and reasonable attorney fees, shall also be the personal obligation of the person who was Owner of such Lot at the time when the assessment became due. The personal obligation for delinquent assessments shall not pass to an Owner's successors in title unless expressly assumed by the grantee in the deed of conveyance. Notwithstanding any other provision herein to the contrary, Developer shall have the absolute and unrestricted right from time to time to temporarily exempt a Builder from the obligation to pay any Assessments or any lien for any Assessments on a designated Lot or Lots such temporary exemption, if so granted by Developer, to terminate at the earlier of; two (2) years from the date of acceptance of a deed from Developer by Builder; the date the Builder receives a certificate of occupancy for a residence constructed on the Lot; or the date when the Builder conveys title to a successor. The Association shall cause the collection of assessments through such means as deemed necessary by its Board.

4.2 Purpose of Assessments. The assessments levied by the Association shall be used exclusively to promote the recreation, health and welfare of the residents in the Subdivision, preservation of real property value of the owners' interest in their properties, and for the improvement of Common Areas in the Subdivision. In addition, assessments shall be levied to provide for the proportionate burden of the maintenance of any common impoundment basins located in any Common Areas into which the Subdivision's storm waters drain and attendant water level control structures.

4.3 Maximum Annual Assessments. Until January 1 of the year immediately following the first conveyance by Developer of a Lot, the maximum annual assessment shall be determined by the Board of Directors, plus an annual assessment for garbage and solid waste disposal pursuant to Section 8. Subsequent assessments may be made as follows:

4.3.1 From and after January 1 of the year immediately following such first conveyance of a Lot, the maximum annual assessment may be increased each year by the Board of Directors, by a percentage not more than 8% above the annual assessment for the previous year, without a vote of the membership.

4.3.2 From and after January 1 of the year immediately following such first conveyance of a Lot, the maximum annual assessment may be increased by a percentage in excess of 8%, only by the vote or written consent of a majority of each class of members of the Association.

4.4 Special Assessments for Capital Improvements. In addition to the annual assessments authorized in Section 4.3, the Association may levy, in any assessment year, a special assessment applicable to that year for the purpose of defraying, in whole or in part, the cost of any new construction, or repair or replacement of an existing capital improvement in the Common Area, including fixtures, related personal property and legal fees; provided that any such assessment shall require the written consent of at least 75% of each class of members of the Association in the Subdivision and the written consent of 75% of each class of members of the Association in any then platted additional Sections, if any, of the Subdivision; and provided, further, that no such special assessment for any such purpose shall be made if the assessment in any way jeopardizes or affects the Association's ability to improve and maintain the Common Area, or pay its pro rata share of the cost of maintaining the common impoundment basin.

4.5 Notice and Quorum for Any Action Authorized Under Subsections 4.3 and 4.4. Any action authorized under Sections 4.3.2 and 4.4 shall be taken at a meeting of the Association called for that purpose, written notice of which shall be sent to all members not less than 30 days, nor more than 60 days, in advance of the meeting. If the proposed action is favored by a majority of the votes cast at such meeting, but such vote is less than the requisite percentage of each class of members, members who were not present in person or by proxy may give their consent in writing, provided the same is obtained by an officer or agent of the Association within 60 days of the date of such meeting.

4.6 Uniform Rate of Assessment. Both annual and special assessments must be fixed at a uniform rate for all Lots, including any additional Sections and may be collected on a monthly, quarterly, or yearly basis.

4.7 Date of Commencement of Annual Assessments/Due Dates. The annual assessments allowed under Section 4.3 shall commence as to all Lots then subject to an assessment, on the first day of the month following the first conveyance of a Lot by Developer. The first annual assessment shall be pro-rated according to the number of months remaining in the calendar year. The Board of Directors shall fix the amount of the annual assessment against each Lot at least 30 days in advance of the date the annual assessment is due. Written notice of the annual assessment shall be given to every Owner. The due dates shall be established by the Board of Directors. The Association shall, upon demand and for a reasonable charge, furnish a certificate signed by an officer of the Association stating whether an assessment on a Lot has been paid.

4.8 Effect of Nonpayment of Assessments/Remedies of the Association.

4.8.1 Any assessment not paid within 30 days after its due date shall bear interest from the due date at the rate of 12% per annum.

4.8.2 The Association may bring an action at law against each Owner personally obligated to pay the same and foreclose the lien of an assessment against a Lot. No Owner may waive or otherwise escape liability for the assessments made under this Declaration by non-use of the Common Area or abandonment of a Lot. The lien for delinquent assessments may be foreclosed in the same manner as mortgages are foreclosed in Indiana. The Association shall also be entitled to recover the attorney fees, costs and expenses incurred because of the failure of an Owner to timely pay assessments made under this Section 4.

4.9 Subordination of Assessment Lien to First Mortgage Liens. The lien of the assessments made under this Declaration shall at all times be subordinate to the lien of any first mortgage. Any sale or transfer of any Lot shall not affect the assessment lien against it. No sale or transfer shall relieve an Owner or Lot from liability for any assessment subsequently becoming due, or from the lien of an assessment. However, the sale or transfer of any Lot pursuant to mortgage foreclosure or any proceeding in lieu thereof, shall extinguish the lien of such assessments as to payments which become due prior to such sale or transfer.

Section 5. ARCHITECTURAL CONTROL

5.1 Construction Approval. No building, residence, garage, fence, wall, in-ground swimming pool, or any other structure shall be commenced, erected or maintained upon a Lot, nor shall any exterior addition, change or alteration (including, but not limited to, installation of solar panels and installation of any roofing material other than asphalt shingles) be made to a structure on a Lot unless and until the plans and specification showing the structure's nature, kind, shape, height, materials and location are submitted in writing to and approved by the Architectural Control Committee as to the structure's harmony of external design and location in relation to the surrounding structures and topography in the Subdivision.

plans and specifications have been submitted to it, approval will not be required, and approval under this Section 5 will be deemed to have been given.

5.5 Non-Liability of Architectural Control Committee. Plans and specifications are not reviewed for engineering or structural design or quality of materials, or to assure that any improvements constructed pursuant thereto are located within recorded set-backs established by either the Plat, this Declaration, the Covenants, or applicable zoning ordinances, or designed or constructed pursuant to building codes, and by approving such plans and specifications, neither the Architectural Control Committee, the Developer, its representative, nor the Association assumes liability or responsibility therefor for any defect in any structure constructed from such plans and specifications, nor for any actions of any Builder in connection therewith. Neither the Architectural Control Committee, the Developer, its representative, the Association, the Board of Directors, nor the officers, directors, members, employees, agents, or any appointed representative of any of them shall be liable in damages to anyone by reason of mistake in judgment, negligence, or nonfeasance arising out of or in connection with the approval, modification, or disapproval of any such plans and specifications. Every Lot owner, for itself and for all parties claimed by or through such Lot owner, agrees not to bring any action or suit against Architectural Control Committee, the Developer, its representative, the Association, the Board of Directors, or the officers, directors, members, employees, agents, or appointed representatives of any of them to recover any such damages for any defects or deficiencies in any approved plans and specifications and improvements constructed pursuant to any approvals and hereby releases and quitclaims all claims, demands, and causes of action arising out of or in connection with any judgment, negligence, or nonfeasance and hereby waives the provisions of any law which provide that a general release does not extend to claims, demands, and causes of actions not known at the time this release is given.

Upon completion of a residence, all landscaping as approved in the plans and specifications shall be installed promptly, and in no event, later than one hundred eight (180) days following the completion of the residence.

5.7 Fence Restrictions. Notwithstanding with any other provisions to the contrary in this Section 5, the Committee will not approve construction or modification of any fence on Lots 1 through 18, 74 through 94, 96 through 104, and 199 through 206 which, in the Architectural Control Committee's sole and absolute discretion and opinion, would or might create a sight obstruction of any lake in the Subdivision.

Section 6 GENERAL PROVISIONS

6.1 Use. Except as otherwise provided in this Section 6.1, lots may not be used for any uses and purposes other than for single-family residential uses and purposes. No building shall be erected, altered, placed, or permitted to remain on any Lot other than one single-family residence not to exceed two and one-half stories in height. Electrical service entrance facilities installed for any residence or other structure on a Lot connecting it to the electrical distribution system of any electric public utility shall be provided by the Owner of the Lot that constructs the residence or structure and shall carry not less than 3 wires and have a capacity of not less than 200 amperes.
