

Fire Escape Evacuation Chairs **(5-2023)**

To Owners, Residents, Tenants, and Employees of the AWB:

The AWB Board wants to bring to your attention that we do provide **emergency evacuation chairs** for any physically disabled occupant of AWB. In the case of an emergency when the elevators would not be accessible, most likely during a fire, you will find these chairs in both north and south stairways, on Floors 9 and 12.

Anyone who anticipates using an evacuation chair should arrange prior to the need for someone in the building who can assist them. If there would be any interest in learning how to operate these evacuation chairs, the Board is willing to host a training session. Please contact AWB's management company, Above & Beyond Community Management, our building manager, Sandra Montes at (260) 490-2226.
