ARTICLE IV
COVENANT FOR MAINTENANCE ASSESSMENTS

Section 1. Creation of the Lien and Personal Obligation of Assessments. Each Owner of any Lot, excepting the Developer, by acceptance of a deed therefore, whether or not it shall be so expressed in such deed, is deemed to covenant and agree to pay to the Association: (1) annual assessments or charges, (2) special assessments for capital improvements; and (3) lot maintenance assessments or charges; such assessments to be established and collected as hereinafter provided. Assessments or any installments thereof which are not paid when due shall bear interest at a fluctuating rate equal to the maximum rate of interest which may be charged under the laws of the State of Indiana for consumer loans, adjusted on the first day of each calendar year. If any Owner shall fail, refuse, or neglect to make any payment of any Assessment when due, the Board of Directors of the Association may in its discretion declare the entire balance of unpaid Assessments to be due and payable, with interest as aforesaid, and file a written Notice of Lien against said Owner's Lot in the office of the Recorder of Allen County, Indiana, which Notice of Lien shall perfect the lien of the Association and have the same force and effect as, and be enforced in the same manner as, a mortgage lien under Indiana law, and shall include attorney's fees, title expenses, interest, and any costs of collection.

Section 2. Purpose of Assessments. The assessments levied by the Association shall be used exclusively for the purpose of promoting the recreation, health, safety, and welfare of residents of Beckett's Run, and in particular for the maintenance of any Lot prior to commencement of construction of a Dwelling Unit thereon, and for the improvement and maintenance of the

lake(s) and all other Common Areas, including but not limited to, repair, maintenance, lighting, lawn care, snow removal, insurance, taxes, and all other things necessary or desirable in the opinion of the Board of Directors of the Association in connection therewith.

Section 3. Maximum Annual Assessments. Until January 1 of the year immediately following the conveyance by the Developer of the first Lot to an Owner, the maximum annual assessment shall be One Hundred and Fifty Dollars (\$150.00) per Lot.

(a) From and after January 1 of the year immediately following the conveyance of the first Lot to an Owner, the maximum annual assessment may be increased each year not more than 15% above the maximum assessment for the previous year without a vote of the membership.

(b) From and after January 1 of the year immediately following the conveyance of the first Lot to an Owner, the maximum annual assessment may be increased above 15% by the affirmative vote or written assent of 51% of each class of members.

(c) The Board of Directors may fix the annual assessment at an amount not in excess of the maximum.

Section 4. Special Assessments for Capital Improvements. In addition to the annual assessments authorized above, the Association may levy, in any assessment year, a special assessment applicable to that year only for the purpose of defraying, in whole or in part, the cost of construction, repair, or replacement of a capital improvement upon the Common Area, including fixtures and personal property related thereto, provided that any such assessment shall have the affirmative vote or written assent of 51% of each class of members.

Section 5 Notice and Quorum For Any Action Authorized Under Section 3 and 4. Any action authorized under Sections 3 or 4 and requiring an affirmative vote or written assent of a certain percentage of the Association membership shall be taken at a meeting called for that purpose, written notice of which shall be sent to all members not less than 30 days nor more than 60 days in advance of the meeting. If the proposed action is favored by a majority of the votes cast at such meeting, but such vote is less than the requisite 51% of each class of members, members who were not present in person or by proxy may give their assent in writing, provided the same is obtained by the appropriate officers of the Association not later than 30 days from the date of such meeting.

Section 6. Uniform Rate of Assessment. Both annual and special assessments must be fixed at a uniform rate for all Lots and may be collected on a monthly, quarterly, or yearly basis.

Section 7. Date of Commencement of Annual Assessments: Due Dates. The annual assessments provided for herein shall commence as to all Lots on the first day of the month following the conveyance of the Common Area by the Developer to the Association. The first annual assessment shall be adjusted according to the number of months remaining in the calendar year. The Board of Directors shall fix the amount of the annual assessment against each Lot at least thirty (30) days in advance of each annual assessment period. Written notice of the annual assessment shall be sent to every Owner subject thereto. The Association shall, upon demand and for a reasonable charge, furnish a certificate signed by an officer of the Association setting forth whether the assessments on a specified Lot have been paid.

Section 8. Lot Maintenance Assessment.

(a) From and after the date of purchase of a Lot until construction of a single-family residence commences, the Association shall have the exclusive right to perform all maintenance on the Lot, including but not limited to, cutting the grass, keeping the Lot free from weeds, and the removal of trash and debris.

(b) In addition to the liens assessed under this Article IV, each Lot Owner, with the exception of the Developer, may be assessed an annual fee at the rate of \$15.00 per month for two (2) years following the Owner acquiring title to the Lot (the "Lot Maintenance Assessment"). Thereafter, the Association may assess the Lot Owner an annual amount which the Association, in its sole discretion, determines necessary to maintain the Lot as provided in Subparagraph (a) above.

(c) The first annual Lot Maintenance Assessment shall be prorated according to the number of remaining months in the calendar year of purchase, and payment shall be due on January 1 for each succeeding year. After construction commences, the Lot Maintenance Assessment paid in the year of commencement shall be prorated for the remaining month(s) of the year following commencement and be reimbursed to the Lot Owner. The Association may offset such reimbursement against the annual assessment levied under this Article IV in the succeeding year.

(d) From and after the date construction of a single-family residence commences upon a Lot, it shall be the duty of the Lot Owner to perform all maintenance on the Lot, including but not limited to, cutting the grass, keeping the Lot free from weeds, and the removal of all trash and debris. The Association, in its sole discretion, may undertake such Lot maintenance under this Subparagraph (d) should the Lot Owner fail to do so. In that event, the Lot Owner shall immediately, upon written demand, reimburse the Association, its agents and/or independent contractors for all expenses incurred in performing such maintenance upon the Lot.

Section 9. Effect of Nonpayment of Assessments: Remedies of the Association. Any assessment or other charge not paid within thirty (30) days after the due date shall bear interest from the due date as provided in Section 1 of this Article IV. The Association may bring an action at law against the Owner personally obligated to pay the same; may foreclose the lien against the Owner's Lot in accordance with the provisions of Section 1 of this Article IV; or may do both. No Owner may waive or otherwise escape personal liability for the assessments provided for herein by nonuse of the Common Area or abandonment of his Lot.

Section 10. Subordination of the Lien to Mortgages. The lien of the assessments provided for herein shall be subordinate to the lien of any first mortgage. Sale or transfer of any Lot shall not affect the assessment lien. However, the sale or transfer of any Lot pursuant to a judgment and court order on a foreclosure of any first mortgage shall extinguish the lien of such assessments as to payments which became due prior to such sale or transfer. No such sale or transfer shall relieve such Lot from liability for any assessments thereafter becoming due or from the lien thereof.

ARTICLE V
ARCHITECTURAL CONTROL

No building, fence, wall, deck, swimming pool or spa, or other structure shall be commenced, erected, or maintained upon any Lot, nor shall any exterior addition to or change or alteration therein be made until two sets of plans and specifications showing: (1) the location of improvements on the lot (site plan); (2) the location of the driveway on the site plan; (3) front, rear, and side elevations; (4) the type of exterior materials (including deliver of samples thereof); and (5) the type and location of the front yard lights shall have been submitted to and approved in writing as to harmony of external design and location in relation to surrounding structures and topography by the Architectural Control Committee. The Committee's approval or disapproval, as required in these covenants, shall be in writing. In the event the Committee fails to approve or disapprove such plans within sixty (60) days after receipt, such plans shall be deemed approved. No structure of any kind which does not comply fully with such approved plans shall be erected, constructed, placed, or maintained upon any Lot, and no changes or deviations in or from such plans as approved shall be made without the Committee's prior written consent. Neither the Developer, the Architectural Control Committee, nor any member thereof, nor any of their respective heirs, personal representatives, successors, or assigns shall be liable to anyone by reason of any mistake in judgement, negligence, or nonfeasance arising out of or relating to the approval or disapproval or failure to approve any plans so submitted, nor shall they, or any of them, be responsible or liable for any structural defects in such plans or in any building or structure erected according to such plans or any drainage problems resulting therefrom. Every person and entity who submits plans to the Architectural Control Committee agrees, by submission of such plans, that he or it will not bring any action or suit against the Committee or the Developer to recover any damages or to require the Committee or the Developer to take, or refrain from taking, any action whatever in regard to such plans or in regard to any building or structure erected in accordance therewith. Neither the submission of any complete set(s) of plans to the Developer's office for review by the Architectural Control Committee, nor the approval thereof by that Committee, shall be deemed to guarantee or require the actual construction of the building of structure therein described, and no adjacent Lot Owner may claim any reliance upon the submission and/or approval of any such plans or the buildings or structures described therein. In the event the Developer or the Architectural Control Committee shall prevail in any litigation respecting its decision or brought for the purpose of enforcing compliance with this Article, it shall be entitled to recover from the Owner of the Lot in issue reasonable attorney fees incurred in such litigation.

ARTICLE VI
GENERAL PROVISIONS

Section 3. Single Owner Contiguous Lots. Whenever two (2) or more contiguous Lots in the Subdivision shall be owned by the same person, and such Owner shall desire to use two or more of said Lots as a site for a single Dwelling Unit, he shall apply in writing to the Architectural Control Committee or Board of Directors of the Association for permission to so use said Lots. If permission for such a use shall be granted, the Lots constituting the site for such single Dwelling Unit shall be treated as a single Lot for the purpose of applying these Restrictions to said Lots, so long as the Lots remain improved with one single Dwelling Unit.

Section 4. Subdivision of Lots. No lot or combination of Lots may be further subdivided unless 75% of the Lot Owners have approved by signing an instrument of approval and until said approval has been obtained from the Allen County Plan Commission.

Section 5. Improvements. Before any Dwelling Unit on any Lot in this Subdivision shall be used and occupied as a dwelling or otherwise, the Developer or any subsequent Owner of such Lot shall install improvements serving such Lot as provided in the plans and specifications for such improvements filed with the appropriate governmental authorities, together with any amendments or additions thereto which said governmental authorities may authorize or require. This covenant shall run with the land and be enforceable by any governmental authority having jurisdiction over the Subdivision, by the Association, or by any aggrieved Lot Owner in this Subdivision.

Section 6. Permits and Certificates. Before any Dwelling Unit located on any Lot may be used or occupied, such user or occupier shall first obtain from the Allen County Zoning Administrator an Improvement Location Permit and a Certificate of Occupancy as required by the Allen County Zoning Ordinance.

Section 7. Time for Building Completion. Every Dwelling Unit on any Lot in the Subdivision shall be completed within twelve (12) months after the beginning of such construction.

Section 8. Building Sizes. No Dwelling Unit shall be built on any Lot having a living area of the main structure, exclusive of one-story open porches, breezeways, or garages, of less than 1,600 square feet for a one-story Dwelling Unit, nor less than 2,200 square feet for a Dwelling Unit of more than one-story.

Section 9. Garages. All Dwelling Units must have at least a full-size, attached, two-car garage.

Installation of said sidewalks shall be the obligation of the Owner of any such Lot, exclusive of the Developer, shall be completed in accordance with said plans and specification, and prior to the issuance of a Certificate of Occupancy for any such Lot and the cost of installation shall be a lien against such Lot enforceable by the Allen County Plan Commission or its successor agency. Should such Certificates of Occupancy be issued to the Developer, said the Developer shall be considered an Owner for purposes of enforcement of this covenant.

Section 17. Fencing and Trees. The only fencing permitted shall be a split rail (two rails high, not to exceed four feet high) or a privacy fence around an immediate patio of not more than six feet which must be approved by the Architectural Control Committee in writing, unless a variance from this fence requirement shall have been approved in writing by the Architectural Control Committee. Section 20. Radio and Television Antennas. No radio or television antenna with more than thirty (30) square feet of grid area or which attains a height of six (6) feet above the highest point of the roof shall be attached to any Dwelling Unit. No free standing radio or television antenna shall be permitted on any Lot. No television receiving disk or dish shall be permitted on any Lot or on any Dwelling Unit. No solar panels attached or detached shall be permitted.

Section 21. Duty to Repair and Rebuild.

(a) Each Lot Owner shall, at his sole cost and expense, repair his Dwelling Unit, keeping the same in a condition comparable to the condition of such Dwelling Unit at the time its initial construction was completed, excepting only usual wear and tear.

(b) If all or any portion of a Dwelling Unit is destroyed by fire or other casualty, then the Owner shall, with all due diligence, promptly rebuild, repair, or reconstruct such Dwelling Unit in a manner which will substantially restore it to its condition as existed immediately prior to the casualty. No improvement upon a Lot which has been partially or totally destroyed by fire or other casualty shall remain in such condition for more than three (3) months from the time such destruction or damage occurred.

Section 22. Utility and Underground Drainage Easements. Easements for the installation and maintenance of utilities and underground drainage facilities are reserved as shown on the recorded plat. No Owner of any Lot shall erect or grant to any person, firm, or corporation, the right, license, or privilege to erect or use or permit the use of overhead wires, poles, or television service (except such poles and overhead facilities that may be required at those places where distribution facilities enter and leave the subdivision). Nothing herein shall be construed to prohibit street lighting or ornamental yard lighting serviced by underground wires or cables. Electrical service entrance facilities installed for any Dwelling Unit or other structure connecting the same to the electrical distribution system of any electric public utility shall be provided by the Owners of all Lots and shall carry not less than three (3) wires and have a capacity of not less than 200 amperes. Any electric public utility charged with the maintenance of any underground installation shall have access to all easements in which said underground installations are located for operation, maintenance, and replacement of service connections. Any such electric public utility shall not be liable for damage to walks, driveways, lawn, or landscaping which may result from installation, repair, or maintenance of such service.

Service 23. Surface Drainage. Surface Drainage Easements and Common Areas used for drainage purposes, as shown on the plat, are intended for either periodic or occasional use as conductors for the flow of surface water runoff to a suitable outlet and the land surface shall be constructed and maintained so as to achieve this intention. Such easements shall be maintained in an unobstructed condition during and after construction and the County Surveyor or a proper public authority having jurisdiction over storm drainage shall have the right to determine if any obstruction exists and to repair and maintain or to require such repair and maintenance as shall be reasonably necessary to keep the conductors unobstructed.

Section 24. Use of Public Easements. In addition to the utility easements herein designated, easements in the streets, as shown on this plat are hereby reserved and granted to the Developer, the Association, and any public or quasi-public utility company engaged in supplying one or more of the utility services contemplated in Sections 22 and 23 or this Section 24 of Article VI, and their respective successors and assigns, to install, lay, erect, construct, renew, operate, repair, replace, maintain, and remove all and every type of gas main, water main, and sewer main (sanitary and/or storm) with all necessary appliances, subject, nevertheless, to all reasonable requirements of any governmental body having jurisdiction thereof as to maintenance and repair of said streets.

Section 25. Flood Protection Grade. In order to minimize potential damages from surface water, flood protection grades are established as follows: all Dwelling Units to be constructed on the Lots designated herein shall be constructed at or above the minimum flood protection grades. Such grades shall be the minimum elevation of a first floor or the minimum sill elevation of any opening below the first floor. The flood protection grade for Lots 20 through 23 is 792.10 feet above mean sea level and on Lots 31 through 34 is 784.30 feet above mean sea level.

Section 26. Individual Water and Sewage Systems. No individual water supply system or individual sewage disposal system shall be installed, maintained, or used on any Lots in this Subdivision.

Section 27. Sanitary Sewer Restrictions. No rain and storm water runoff or such things as sump pump water discharge, roof water, street pavement, and surface water, caused by natural precipitation, shall at any time be discharged into or permitted to flow into the Sanitary Sewage System, which shall be a separate sewer system from the Storm Water and Surface Water Runoff Sewer System. No sanitary sewage shall at any time be discharged or permitted to flow into the above mentioned Storm Water and Surface Water Runoff Sewer System.

Section 28. Use of Other Structures and Vehicles. No structure of a temporary character, trailer, boat trailer, truck, commercial vehicle, recreational vehicle (RV), camper shell, all terrain vehicle (ATV), camper or camping trailer, basement, tent, shack, garage, barn, dog house, or other outbuilding shall be either used or located on any Lot, or adjacent to any Lot, public street, or right-of-way within the Subdivision at any time, or used as a residence either temporarily or permanently. No automobile which is inoperable shall be habitually or repeatedly parked or kept on any Lot (except in the garage) or on any street in the Subdivision. No trailer, boat, truck, or other vehicle, except an automobile, shall be parked on any street in the Subdivision for a period in excess of twenty-four hours in any one calendar year.

Section 29. Animals. No animals, livestock, or poultry of any kind shall be raised, bred, or kept on any Lot, except that dogs, cats, or other household pets may be kept, provided that they are not kept, bred, or maintained for any commercial purpose.

Section 30. Drilling, Refining, Quarrying, and Mining Operations. No oil drilling, oil development operations, oil refining, quarrying, or mining operations of any kind shall be permitted upon or in any Lot. No derrick or other structure designed for the use in boring for oil or natural gas shall be erected, maintained, or permitted upon any Lot.

Section 31. Signs. No sign of any kind shall be displayed to the public view on any Lot except one sign of not more than five square feet, advertising such Lot for sale or rent or used by a builder to advertise such Lot during the construction and sales period. The Developer shall have the right to (a) erect larger signs allowed by applicable zoning regulations when advertising the Subdivision and (b) place signs on Lots designating the Lot number of said Lots. This restriction shall not prohibit placement of occupant name signs and Lot numbers as allowed by applicable zoning regulations.

Section 32. Trash and Garbage. No Lot shall be used or maintained as a dumping ground for rubbish. Trash, garbage, or other waste shall not be kept except in sanitary containers. No outside incinerators shall be kept or allowed on any Lot.

Section 33. Fires. No outdoor fires for the purpose of burning leaves, grass, or other forms of trash shall be permitted to burn upon any street roadway or Lot in this Subdivision, other than that as related to the construction of a dwelling unit.

Section 34. Rights of Ingress and Egress. The rights of ingress and egress to the Subdivision shall only be in such locations as shown on the Plans and Specifications of the Subdivision. No access shall be permitted to Auburn Road from any Lot, including without limitation, Lots 1, 2, and 3.

Section 35. Enforceability. The Association, the Developer, the Allen County Plan Commission, and any Owner shall have the right to enforce, by any proceeding at law or in equity, all restrictions, conditions, covenants, reservations, liens, and charges now or hereafter imposed by the provisions of these Restrictions. Failure by the Association, the Developer, the Allen County Plan Commission, or by any Owner to enforce any covenant or restriction herein contained shall in no event be deemed a waiver of the right to do so thereafter.

Section 36. Partial Invalidation. Invalidation of any one of these Restrictions by judgment or court order shall in no wise affect any other provision(s) which shall remain in full force and effect.

Section 37. Covenants, Restrictions, and Extensions. The covenants and restrictions herein contained shall run with the land, and be effective for a term of twenty (20) years from the date these restrictions are recorded, after which time they shall automatically be extended for successive periods of ten (10) years; provided these restrictions may be amended by an instrument signed by not less than 75% of the Lot Owners, and provided further, the Developer and its successors or assigns shall, with the approval of the Allen County Plan Commission, have the exclusive right for a period of two (2) years from the date of recording of the plat to amend any of these restrictions.
